

Adelaide Metropolitan Designated Area Migration Agreement

The Adelaide City Technology and Innovation Advancement Agreement is the Designated Area Migration Agreement (DAMA) for the Adelaide Metropolitan region (Greater Adelaide).

This DAMA recognises South Australia's commitment to becoming a world-class centre for space, defence and innovation. Skilled migrants will complement and expand our local talent and skill-base to grow our future industries, fill important workforce gaps which cannot be met locally, and create jobs.

The table below show occupations that are eligible for sponsorship under the DAMA for the South Australia's metropolitan workforce.

All occupations listed below have pathways to permanent residency.
