Jean has received her 2nd Covid-19 vaccination. Jean will be tested using a Lateral flow test. She will be tested twice a week if she is working across the homes in the space of a week.</p> <p>After a negative Covid-19 result Jean will enter the home and put on PPE and use the hand sanitiser at the front door. She will then wash their hands.</p> <p>The hairdresser will scan the QR code at the front door and/or have her details recorded on the visitor's log book. Their temperature will be taken, and recorded, along with being asked if she have any symptoms of Covid-19 or are otherwise unwell.</p> <p>The hairdresser will wear gloves and a face shield for carrying out her hairdressing duties.</p> <p>The hairdresser will only have one resident at her station at one time with no residents waiting for her to finish someone else.</p> <p>Hands will be washed and gloves changed in between each resident.</p> <p>The hairdresser will sanitise her equipment in between each resident.</p> <p>The hairdresser won't visit the home if there is a confirmed case of Covid-19 (staff or resident).</p> <p>There is no handling of money as invoices are generated.</p> <p>The hairdresser will only visit the hairdressing section and the nearby toilet of the home. She will only enter residents bedrooms if they are unable to come to her for her services.</p> <p>The hairdresser won't visit other homes on the same day.</p>	1	4			

		A copy of the hairdresser's public liability insurance will be on record.

- i) **HSR** = Hazard Severity Rating(1-5); **LFR** = Likelihood/Frequency Rating (1-5); **RR** = Risk Rating = 1-25
- ii) In the Control Measures column, consider if risks can be avoided, the activity substituted, or reducing the number of people exposed or their exposure time.
- iii) **RR1** = Risk rating following implementation of initial control measures. **RR2** = Second and final risk rating where initial risk rating (RR1) was still too high and required additional control measures.
- iv) **If RR1 is 8 or more**, then contact the Director for advice on completing the Additional Actions section and calculating RR2
- v) **RR2 should include sufficient controls/additional actions required to a score of less than 8.**
