<u>Matters Arising</u>	<ul style="list-style-type: none"> Ced updated us all with the works down at the Schoolhouse garden. The Scouts along with various villagers spent all day Saturday 21st November clearing the site & moving potato boxes (for wood storage) donated by Robert Doig. Ced is keen for input on layout/usage of garden especially as regards the hedge. He is going to send us all a plan of the area so we can comment. Robert & Ced to spend Thursday 3rd logging down in the garden. Village Inn – Ced stated that he hadn't heard back from the Village Inn folk. Caroline asked about whether we would have to pay for services if we leased the land to them & whether we would need to get planning permission? All up for discussion in the future. Ced noted that in some aspects the Village Inn plans would compete with the plans for the Schoolhouse eg rental of premises to the community and provision of food during the day. 	Ced
<u>Hall-keeper's update</u>	<ul style="list-style-type: none"> Isla gave us an update on the cleaning . Pamela does 1-1.5 hours at weekends, since there are so few bookings this is ample. There is one booking for an all-day first aid course for Tayforth Machinery Ring. Isla hasn't heard back from Tim Corcoran re badminton as it still not permitted. Yoga is in the same situation. Isla needs to invoice the Scouts – this is usually done quarterly & Robert asked Isla to send the invoice to him & Chris Mackie. Bookings- there are a few for next year. Ced asked Robin if there was any news on the acoustic panels. Robin said that Alan Bell was very busy. Isla noted that this period of the hall not being used much would be an ideal time to carry out the work.
