

Praises and Prayer Concerns

It was great attending the Second National Missions Congress at Tagum City, Davao del Norte last July 7-10, 2019. We praised God for the provision of our needs and protection for the trips from Cambodia to the Philippines, and back to Cambodia. It was an opportunity to personally thank our missions partners and to fellowship with God's servants and fellow missionaries. The preaching of the Word and the warmth fellowship has encouraged us to keep pressing on for Missions.

Our short trip home also was timely because Rashel Angelo, our son had his appendix operated and removed. We would have been worrying badly if we were not with him during his hospitalization. Pray for his recuperation and complete recovery.

We celebrated our 29th wedding anniversary last August 14, 2019 with a simple dinner date. We are praying that our family would be a blessing to the newly wed couple that we have been sharing the Gospel. Broken families, abandoned children left to grandparents' care, and weak family values are common problems to Cambodian families. Pray for the Cambodian Christian families to be godly examples to local families around them.

Continue to pray for these three young people. The one in the middle, and with us in the next picture, professed her faith in Jesus at the L.I.F.E Camp last August 27-30, 2019, and is now attending a small group at the Cornerstone church. The two (right side) were recently married, sometimes go to church with us, and promise to attend a small group for a Bible study too.

Learning Intensive Free English Camp (LIFE Camp) is a blessing to the Missions in Cambodia. Many heard the Gospel and were saved through this annual activity. Thank you sponsors and missions partners for praying. Pray for the Cambodians, the PABWE missionaries and the people who are behind the success of this 2019 camp, and for more LIFE Camps to come! To God be the Glory!
