#### 5. AGENCY/PARTNER REPORTS – (Please limit to 3-5 minutes)

- 1. Office of Emergency Services -- Paul Cummings, Program Director, stated that OES has been supporting the Covid-19 emergency response virtually, but has not stopped the wildfire preparedness activities. Finalizing the MOU with Consolidate Fire on the County DSA Program. This program is currently on hold due to the response. OES has been working with YubaNet for wildfire programs and meeting with the Firewise Communities. OES did receive about \$150,000 grant from the Northern Sierra Air Quality Management District. Those funds will be used for Green Waste Removal. The new "Ready Set Go" Handbook will be going out as a mailer in May. This will be coupled with a defensible space mailer along with the DS Inspector checklist so that residents know this is in effect. OES has also finalized is 2020 Wildfire Action Plan. OES is now going to try to bring subject matter experts to make presentations to the County BOD to enhance wildfire interaction in the County. First presentation will by Gretchen Bennet (NAQMD) on burn piles and air quality, and Terry McMann (NCCFD) on how to create a pile. DT requested that OES notify FSC when they reactivated the DSA Program so FSC could coordinate its DSAV program with them. Paul agreed. Caleb Dardick expanded on the planned OES presentations as a way to not only engage the Supervisors in wildfire preparedness, but also enable other citizen group such as the Firewise Coalition in educating the public. Presentations will be made through October. The BOS has set aside \$100,000 as a matching grant fund to support the local non-profits and small businesses in the current Covid-19 problem and could be a long-term mechanism for quickly responding to major County emergencies.
- 2. CalFire Jim Mathias stated that they have combined a number of small mitigation projects into one single project to better organize and implement focused development. This will make implementation more efficient. Staffing is currently at level 2, but will be moving to level 3 in early May. Full staffing will likely be implemented in early June. Burn permits will be required May 1, but there will be a way to request and obtain a burn permit virtually at home via the internet. CalFire in Sacramento is currently working on updating the Wildfire Severity Zone. They will include wind assessment in that update. None of that will be good for Nevada County.
- 3. Firewise Coalition Susan Rodgers stated that the Coalition will be having its meetings on Zoom on regular schedule. Will not have speakers in the meeting, but only have partner reports and necessary business. CalTrans Maintenance reported that they will be working in May on the Banner Lavacap Overcrossing and will be cutting back the trees and underbrush 10 ft; they will then thin the trees another 20 ft back. Grass Valley will not be sending out letters this year to city residents about

city ordinances on vegetation management, they will take care of it through news and media events. The Coalition is discussing the idea of broadcasting their meetings on public media to get the public more directly involved.

4. BLM – Jerry Martin – Continuing routine work including the Montezuma Fuel Break, work on YWY, and routine maintenance.

#### 6. REPORT OF THE FINANCE COMMITTEE – Dave Walker

- 1. DW referenced the current financial report which shows that for the end of the Fiscal Year in March the FSC has a Total Revenue at the end of our Fiscal Year of \$1,857,017, and that at the end of Feb. FSC had a Net Revenue of \$110,884.43. We have determined that we will now report all fiscal information as of closed books at the end of the month prior to the month of the Board of Director's meeting essentially 45 day before the meeting.
- 2. Board Resolution that requires action allowing the EDJ to develop a relationship with a National Bank as indicated in the Board Packet. This is needed because of the larger contracts we are dealing with requiring a more national presence for more national transactions. It has been determined that this relationship will be with the Bank of America. RN asked if the Secretary of the Board would be included as a signatory on this account giving five potential individuals that can sign if needed. Motion was made by RN and seconded by HW. Motion approved by voice vote.

#### 7. REPORT OF THE CHAIRMAN OF THE BOARD - Donn Thane

- 1. WUI Drills on hold do to the Corna-19 issue. DSAV Training also on hold. Thinks about having a DSAV web meeting once a month to discuss topics and keep Advisors engaged.
- FSC Sec. JS discussed the Fire Season Guide on target to get Guide out by June 1<sup>st</sup>. We have had positive responses on paid advertising. Several articles have been written and layouts developed. Articles by PG&E, NID and CalFire are in the works.
- Policy Review Committee JS indicated that the new Board Secretary will be responsible for a major reworking of FSC Policies.
- 4. Executive Director Performance Committee– PW stated that the Board will do an annual job performance review with the Exec. Dir. at this time of year. The initial step will be for the Exec Dir to do a self-evaluation based on goals set in the previous year. Comment on this performance will also be solicited from agency and community partners. This will be reviewed by all the Directors and contribute their perspective on this performance. Then a decision will be made on any appropriate salary adjustments for the coming fiscal year.
- 5. PW reviewed the Boards process for obtaining new Board Members. This consists of excepting applications at any time for Board positions, these applications would then be reviewed by a Nominations Committee now consisting of PW, ET, and RN, interview candidates as needed, and make a recommendation to the Exec Finance Committee, who would make a recommendation to the full Board. In this case we had only one application – for Warren Knox. This recommendation was thus made to the full Board.
- 6. Action Item: DW moved that Warren Knox be elected Secretary of the Board of FSC. PW seconded this. Motion was approved by voice vote.
- 7. Board Retreat Review -- PW thanked Janet Cohen from the Center for Non-Profit Leadership, for the nice job she did on directing the effort. The biggest change was clarity about what our programs are, and then our new committee structure.

#### 8. REPORT FROM THE EXECUTIVE DIRECTOR - Jamie Jones

- 1. PW praised the work of Janet Cohen from the Center for Non-Profit Leadership in the February 2020 FSC Board Planning Session. One major result was the new Committee Structure has been developed.
- 2. EDJ gave a detailed slide presentation covering both the outcome of the Feb. Board Retreat and a synopsis of the significant activities over the past three months. (Slides are attached to these Minutes.)
- 3. Particular attrition was given to the growth in the FSC Fuels Reduction and Green Waste programs. Details of the planned Green Waste program included a new step of inspecting the gathered material for invasive species, (e.g. blackberry, scotch broom) to ensure material can be chipped and supplied to the public for use as ground cover. This will reduce the cost of moving the waste out of the County. FSC is working with OES and County Public Health on how to accomplish this with current restrictions due to Covid 19 issues.
- 4. The growth of the Firewise Communities program was presented, and EDJ cited the significant recognition Nevada County gets from NFPA due to the high level of Firewise Communities per capita.)
- 5. EDJ also showed the Ponderosa West Grass Valley Defense Zone Project produced by Nevada County in cooperation with CalFire, Ready Nevada County and FSC.
- 6. The required medical exam has been completed for the Key Man project.
- 7. The tracked chipper is not in service in the Chipping Program.
- 8. The 2rd chipping vehicle has arrived.
- 9. Trustee Labor Program has been temporarily deactivated.

#### 9. DIRECTORS' COMMENTS Information

- 1. PW stated that he thought the ED's presentation was exceptional.
- 2. SH stated that she is pleased that the partnerships within the community are working well and are engaging the community.

#### 10. ADJOURNMENT TO CLOSED SESSION - by acclimation 12:15 PM
