

### Measurement Form:

Individual sizes are measured by himself, according to the scheme and filling out the form below. When filling out the individual measuring table indicate their REAL SIZE, without any deductions or additions. If you would like a petite or tall fit, let us know and we will add or subtract to the pattern as necessary.

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Zip code: \_\_\_\_\_

Country: \_\_\_\_\_

12 Shoulder Length  25 Shoulder - Nipple

13 Biceps Circumference  26 Nipples Distanze

Please note: The measurement No. 18 is of particular importance. This is where most mistakes happen. Take this measure by beginning where the neck starts in the front, go down and between your legs (pass the genitalia!) and again to the place where the neck starts in the back. We are not responsible for any mistakes you made while taking your own measurements and consequent custom made changes according to any such measurements.
