## Select Board Report

July 1, 2019

To

June 30, 2020

This year the town has started the process towards building a new Fire Department with the land for the potential Fire Department having perked. Resident and Volunteer Fireman Jessie Burdick presented maps, to scale, to the Selectmen detailing the FD desire to increase the building size from 60x80 to 80x80. To be self-sustaining, utilizing an 80x80 size would fit all equipment currently owned by the FD into the one building, with some room for growth in the future.

Longtime highway department employee Jim White was promoted to Highway Superintendent. Jim has been doing an outstanding job in his new position.

This year, at the recommendation of the Council on Aging, the board appointed Susan Oleson as the Senior Center Director, along with Joyce Van Tilborg as the Assistant Director. The board also approved Tony Arigoni to install new flooring at the Senior Center. The project was completed in the Spring.

The Selectboard voted to accept Commonwealth Choice power supply aggregation plan. The new rate will be .09603 per KW hr., a drop from 11 cents. There is also a greener choice residents can opt in that is at a rate of .13217 per KW hr. These rates will be in effect for three years, starting November 20, 2020 through November 20, 2023.

Work continued to move forward between MBI and Wi-Valley to provide the Town of Florida residents with a wireless internet.

With Spring came the rise in COVID-19 concerns. We saw our school move to remote, as well as services temporarily halted at the Library and Senior Center. There were no Selectboard meetings held in April due to in-person mandates put in place by the state. Meetings resumed in May, with them now taking place in the main section of Town Hall to allow for social distancing. The town was able to follow all guidelines and recommendations, allowing for the continued health and safety of all town residents and employees.

Gabriel Abbott Memorial School  
56 North County Road  
Florida, MA 01247

Greetings from Abbott Memorial School and the North Berkshire School Union,

The 2019-2020 school year had 95 students attending Abbott School. The majority of students hailed from Florida, 11 students from Monroe, 3 students from Savoy, 8 students from Adams, 14 students from North Adams, 2 students from Clarksburg and one student from Pittsfield. Our preschool program has continued to accept students from out of district at a cost of \$100.00 per week. Our preschool grant has become almost non-existent and only provided minimal assistance in providing a full day program for three and four year old students. The tuition continues to provide an offset for instructional staff and instructional materials. The Florida School Committee will be looking at raising the weekly cost in order to make the program sustainable. Florida residents continue to receive free tuition for the preschool program. Until the Covid 19 Pandemic shut school and the state of Massachusetts down, the administration was pursuing teaming with consultants to seek out additional grants money and a partnership with Clarksburg to provide preschool.

The 2019-2020 school year was once again full of professional development for staff in the North Berkshire School Union. In Florida we went back to 11:30 dismissal times to provide for North Berkshire School Union wide professional development through Polly Bath. Staff also completed professional development in August with Polly Bath. The school year started optimistically with staff and students going about their days in the established routine of learning and extracurricular activities. Our usual Open House in September, visits to the Manice Center and our recognition of Fire Safety week with visits to the Florida Fire Department in October, the Annual Oh Be Thankful Dessert Contest and Auction and Parent Conferences in November, our Friendship Center and Berkshire Humane Society Food Drive and Solstice Concert in December, Ski Club and Mid Trimester Progress Reports in January, all the while unaware what would be coming at us slowly in February and causing the world to stop on March 13<sup>th</sup> for all of us.

Clarksburg School closed a week prior due to a town Covid case and the following week I remember sitting in our administrative meeting in the Superintendent's office on Thursday, March 13<sup>th</sup> and listening to the Commissioner of Education discuss new restrictions Governor Baker was sharing. The decision was made to close for Friday for "deep cleaning. We would return on Monday. I thank Nurse Teresa Boucher for coming to me week earlier to discuss Plan B and alternative learning if we became embroiled in the Covid scare. Having lived through earlier pandemic scares, I chalked this one up to a scare. With Nurse Teresa's input, I made the decision to gather our staff and put together two weeks of lesson plans in the event that we would need to close for two weeks.

Needless to say, we were better prepared than most schools thanks to Nurse Teresa's concerns, the work of the Abbott staff and the fact each of our towns have always made sure our students have what they need to face any event that could impede their progress. We did not return to school until September 8, 2020. (We were one of only 14 schools in Massachusetts that did return to In Person Learning for the entire 2020-2021 school year!)

When the Massachusetts Department of Education shifted all of our schools to fully remote learning, Abbott Memorial was ahead of the curve. Our staff, students and parents were already doing a combination of learning through hard copy materials and computer based platforms. The transition certainly made our administrative team proud. Was this without bumps? Of course not. If there is one thing we would ask of each of our towns, it would be to pursue adequate and equitable internet connectivity. That was one of our biggest challenges we faced with remote learning. We found ways around it (one of our own staff

members lost internet and drove each day to the school to teach from their car in the parking lot!). The grit, determination and resilience of each of our students, their families and our staff members helped close out the school year and even contributed to planning for the start of school in fall of 2020. We thank all of you for ALL that you did to get us through the year!

We learned new things along the way...how to socially distance and be able to see students on their front lawns to give extra help, how to use new learning platforms (SeeSaw and Google Classrooms), how to mute and unmute, create icons for days we had bed head, create family challenges that would keep our community engaged with our students (Easter Egg Challenge, Make the World more Beautiful Challenge, Earth Day Challenge, May Day Basket Challenge, The Gabbott Train visits, etc.), split screens for presentations, use of a document camera, on and on. We survived and we grew and isn't that really what learning is all about?

We also said good bye to a few people along the way without the benefit of our usual send offs. Both Lori Austin (19 years at Abbott) and Deb Rosselli (Director of Pupil Services) retired. We realized how hard it is to say good bye during a pandemic. We look forward to the coming year and hope that slowly and surely we will overcome and find a new normal that allows us to be together. We could not do what we do without ALL of you, thank you.

Respectfully Submitted,

John Franzoni, Superintendent  
Heidi Dugal, Principal

Kennel	\$40.00	0			
Kennel	\$100.00	0			

Respectfully,

Lisa H. Brown

Town Clerk

## 2020 Florida Senior Center Annual Report

The Center provided services for a total of 170 individuals. 76 were 75 or older, 44 were between 60 and 74, with 50 being 59 or younger.

We had approximately 15 – 20 people volunteer to provide services such as; tending the garden, cooking and serving meals and conducting groups. Our volunteers are enthusiastic and ready tackle the upcoming year.

The Center received \$345 in donations and an estimated \$1400 worth of in-kind services.

This year many programs were added. New programs included a Dietary Support Group, Art, 2 exercise programs, Vets and Coffee, Knitting and Crocheting and You're Not Alone (a support group for widows, widowers and divorcees). These groups are designed to be conducted by the group's members so no one person needs to run them. This also allows the group to meet the participants needs not what an instructor or leader thinks they need.

Day trips were provided approximately once a month.

Outreach was completed by means of in person visits or phone calls. Open invitations to attend the Center were extended to all.

## Florida Volunteer Fire Department

This year Florida Volunteer Fire Department responded to 89 Calls.

5 Structure/Chimney Fires	4 Power lines/Weather Related	10 MVA
4 Smoke/CO Detector	4 Assistance	48 EMS
5 Search/Rescue	5 False Alarms	4 Brush

Another year has come to a close. This one has been rough due to the pandemic. But, thanks to all of our dedicated members, we made it through. The COVID virus provided us with many obstacles, but we managed to keep our organization active. We were fortunate that none of our firefighters were stricken with the disease, which, in turn, allowed us to carry on in providing our many services to the Town and our surrounding communities. We were able to maintain our mandated requirements as firefighters, keep the school in compliance with their fire/evacuation drills and the Chief continued to conduct required inspections of all public and private buildings.

Our work on the new repeater has been completed, giving us better communication amongst many entities including the Fire Department, Town office, Highway Department, Snowmobile Club, neighboring towns, and soon the School.

To save the Town a large expenditure, we have been rebuilding the deteriorating truck 7 ourselves, from the ground up. When complete, this mini pumper will be housed at the Drury station. It will be a combination first attack truck for structure fires, wildland fires, and medical calls. We should have it completed by the end of Summer 2021.

This year, even through these trying times, we tried to continue fostering our close knit community. We did our best to keep our community safe, upbeat, and the Town's children in the forefront.

We had fire truck parades for birthdays, anniversaries and graduation. This year the school children were unable to come to us for fire prevention so we brought it to them. We cooked on site, outside, and still provided backpacks of goodies for all.

Our next task was to provide a safe, socially distant, Halloween. To the delight of the children, we were able to accomplish this. Those unable to attend in person had their treat bags delivered via fire engine.

Our annual tree lighting was totally overhauled due to this pandemic, but we managed to get the children safely in to talk, have their picture taken with Santa and receive their stockings full of gifts. Again, those unable to attend had their stockings delivered by fire engine.

We knew this was going to be a tough year financially for many. Therefore with the help of several Town's people and the Williamstown Dollar General, Florida Fire was able to supply the means for 12 families to make their Christmases Merry.
