

Kluwer IP Law is Wolters Kluwer's flagship service focused on all key IP law providing expert commentary and authored content from prominent practitioners and thought leaders.

Features:

Modern, responsive user design: Our interface has a simple, clear design, which helps you start your research journey quickly.

Find answers in your trusted content quickly: our advanced browsing and improved search filtering options help you find guidance and opinion quickly from over 100 leading books and loose leafs.

A refreshed results page: Offering you a new way to refine your results and locate salient content. Share content easily: Flexible print options and improved email document choices enable you to do more with the results of your research.

Fast, accurate research: Our search functionality, advanced browsing and search refinement features, together with topic-based organization of content specifically tailored for IP Law, help you quickly pinpoint the content you need in just a few clicks. Helpful search suggestions and enhanced search result relevancy will aid your research. Search within several sets of cases:

The screenshot displays the Kluwer IP Law database interface. At the top, there is a search bar with a search filter dropdown and a search button. Below the search bar, there are three main sections: Books, Practice tools, and Case law. The Books section lists several titles with checkboxes for selection. The Practice tools section is divided into three sub-sections: Find an answer (Smart Charts), Compare jurisdictions, and Patent Protection for Second Medical Uses. The Case law section is divided into two sub-sections: Case law and Special focus, both with checkboxes for selection. A purple callout box points to the search bar, and a blue callout box points to the Practice tools section.

Search with predictive and phrase-based suggestions

100+ books, including
