# IV Therapy

**COMPLETE**  
FamilyCare

YOUR HEALTH IS OUR PRIORITY

## IV THERAPY

Intravenous therapy is a medical technique allowing us to deliver liquid, vitamins and antibiotics directly into a person's vein. Our IV packages are to strengthen your immune system, reduce fatigue, Treat chronic conditions, treat hangovers, helps with heat exhaustions and dehydration and much more!

*Ask the staff at Complete Family Care about the mobile IV too*

Based on your symptoms, the provider will choose which IV treatment will be the best fit for you.
