Please note that some colours are made to order with a 10 day lead time requirement – please contact your Marley Roofing representative for more information.

Colours are as accurate as printing will allow, please refer to physical samples for most accurate colour reference.

Marley Clear Coat – Enhanced Colour

Marley Roofing now offers a range of its Spectrum and Antique profiles in Marley Clear Coat – providing a richer deeper colour expression to these multiple coloured profiles with the added benefit of sealed protection against harsh climatic conditions.

Advantages

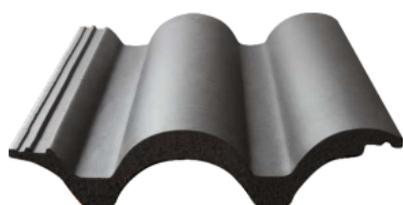

- > Improved aesthetic – multiple coloured profiles appear richer and deeper in colour
- > Additional weathering protection – no surface erosion and promotes water-shedding and dirt resistance

Range

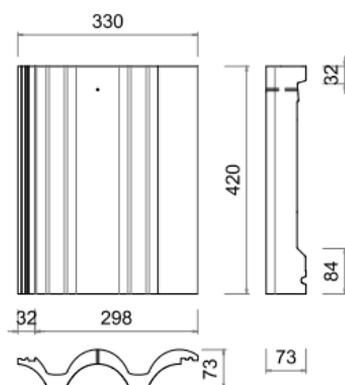

- > Double Roman Plus - Spectrum Slate, Antique Amber, Antique Brown, Antique Terracotta
- > Monarch – Antique Amber, Antique Brown, Antique Terracotta
- > Modern – Antique Terracotta

Marley Monarch

An exceptionally strong classic bold roll tile that is well suited to Modern Balinese and Mediterranean architectural styles.

Marley Monarch

Advantages

- > Extra-strong high-performance bold-roll
- > Highly cost effective alternative to the traditional "under-and-over" clay tiles
- > A large choice of aesthetic colours and finishes
- > Also available in multicolour Designer Range

Colour Range

View the colour chart within this brochure for the full comprehensive range of colours available in this profile.

Technical Data

Marley M22 Premium Coated Concrete Tile

PREMIUM

Forming part of our Premium Solutions Range and with a proven track record of over 36 years, Marley's M22 Premium Coated Concrete Tile remains our best-in-class coated offer. Providing the ultimate assurance in durability and long-lasting colour uniformity for decades to come.

Advantages

- > **Ultimate assurance:**
 - A 22 year quality guarantee
 - Proven performance with a 36 year track record
- > **Superior quality with extreme durability:**

Extreme UV resistance - colours stay truer for decades to come Silk textured finish provides extreme weathering protection:

 - No surface erosion
 - Promotes water-shedding and dirt resistance
 - Algae and fungi resistant that eliminates periodic pressure cleaning
- > **Best-in-class life time solution to lasting colour uniformity and aesthetic appeal:**
 - Largest range of modern colours within a broad selection of profiles
 - Minimal fading during life time of tiles
 - Elimination of efflorescence that can disturb colour uniformity of a roof
 - Colour consistency from batch to batch allows colour uniformity on large developments extending over a period of time
- > **Virtually maintenance-free coating:**
 - Extension of maintenance cycles with significant reduction in maintenance budgets
 - Simple and effective replacements that do not require repainting

Cooler summers and warmer winters?

Marley Roofing's new and improved Radiant Barrier range promotes longer lasting, high performance roofing systems with the added benefit of improved indoor temperatures and comfort.

Marley Radiant Barriers

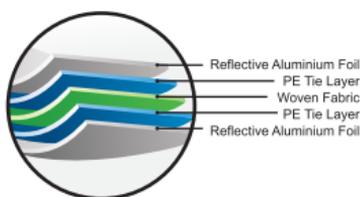

As part of our Essentials and Premium range, you are sure to find a radiant barrier solution to meet your performance needs and budgetary requirements.

Advantages

- > **Non-tear structure** – high tensile and nail tear strength
- > **Fused structure** – no delamination
- > **Adheres to SANS 428 fire rating**
- > **Improved R-values** – improved indoor comfort and reduced energy consumption
- > **Effective dust and moisture barrier** – prevents rainwater penetration in extreme conditions
