

Small Truck Rules 2021

1. No frame swaps. No Imp subs, K frames, etc. No double frames! No cradles! Four wheel drives must remove front drive shaft.
2. Welding from the center of front wheels forward is permitted. This is the only frame welding allowed.
3. Stock bumpers only. Must cover front beam. No pointed bumpers!
4. Frame repair patches maximum 6" long and ¼" thick. Plate on outside of frame only. Eight inches between patches.
5. Hoods must have 12" x 12" hole in center. Must be bolted down in up to six places with maximum of 1" rods. Maximum 6" plates. May be bolted to frame but not welded. Must have hood on truck.
6. All doors must be welded shut with up to eight 4" x 4" pads per door.
7. Roll cage allowed. Braces going from back of cab in the box must stay in front of the wheel wells and can only be bolted to the frame.
8. Dash bars 3" maximum size. Door bars and rear seat bars allowed. No kickers attached to frame.
9. Tailgates must be welded on and in stock position. Factory tailgates only! IF TAILGATE FALLS OFF, YOU ARE DISQUALIFIED!
10. Cab and box may be bolted down to the frame with no more than 8 additional 1" bolts total between cab and box. Washers cannot exceed 6" diameter.
11. Motor mounts may be welded. Two additional straps may be used but must be behind the water pump pulley but in front of the carburetor. Or two chains may be used.
12. Radi barrels must be inside frame rails (top & bottom). May be welded or bolted. Maximum 3" thick outside to outside and must be vented downward.
13. If rear bumper is removed, frame rails must be capped using 4" channel iron or angle iron. May not extend further than the frame rail width.
14. Must have leaf springs, no homemade packs.
15. No stuffing of frames, side panels of box, fenders, etc.
16. Cab reinforcement must remain separate from the box.
17. Gear protection in the box cannot be attached to the cab, box front, sides or rear.
18. Prior run trucks must meet the rules.
19. Dodge Dakota's are allowed. No full size trucks.
20. If the rules don't say that you can do it --- DON'T! It is not allowed!
21. Frame repair patches maximum 6" long and ¼" thick. Plate on outside of frame only. Eight inches between patches.
