Dear Sir/Madam

Thank you so much for your kind donation of £130.00. This gift is really welcome and will be put to good use here at Northern Ireland Hospice helping us to give our patients and families the care and support they need at what is a very difficult time in their lives. The very first Hospice Nurse started work in 1983, providing care to patients in their own homes. In 1985 Somerton House opened with a six bedded unit. A further 11 beds were added and care continued there until 2012, when we moved to our temporary home at Whiteabbey Hospital to allow the Hospice to be rebuilt.

The rebuild of Hospice has been completed and we are now, once again, caring for people at Somerton Road in Belfast. The new Hospice is a wonderful building which will provide patients and families with a homely setting as well as all the modern facilities and equipment they need. The new Hospice will also act as a hub for Hospice Nurses, providing care to patients in their own homes, across Northern Ireland.

This is only possible because of the support of the local community, people like you, who have helped us grow our service by giving so generously through donations and gifts in wills. We hope that this support will continue because the demand for hospice care continues and sadly many more people will need our help in the coming months. At Hospice we never take a donation for granted. Your ongoing support will help provide the best quality care to people who are terminally ill now and in the future. I will keep you updated through our newsletters where you will read about developments at Hospice and how we are using your donation, but in the meantime please visit [nihospice.org](http://nihospice.org) or email us at [fundraising@nihospice.org](mailto:fundraising@nihospice.org) for further information on our work.

Thank you again for this gift it will provide someone in your community with more of that special care and support that only a hospice can give.

Yours sincerely

A handwritten signature in black ink that reads 'Tracy Bell'.

Tracy Bell  
Supporter Care Supervisor
