Architecture is flawless and is a testament to the custom craftsmanship that infuses every part this spectacular home. Modeled after the expansive haciendas of the colonial era, Fryzers exterior design includes grand archways, intricate stonework and beautifully appointed grounds.

The interior design of the home channels the essence of Old Hollywood glamor, creating an intoxicating, very nostalgic ambiance throughout. The inspiration for the decor is a blend of art deco style with Asian motifs and a splash of euro-chic. The result is an indoor environment that is extremely unique, very elegant and totally unforgettable.

The rotunda-style living room is a magnificent space, with its starburst wood-beamed ceiling and cascading chandelier being the centerpieces of the villas bold interior design. In the formal dining room, a polished wood table, intricately-patterned marble floor and illuminated vaulted ceiling offers an amazing dining experience for up to ten guests.

With its creamy marble-topped counter, leather stools and mirrored backdrop reflecting rows of cocktail glasses, Fryzers indoor bar has a timeless elegance found in only in the most posh clubs. The in-house bartender is always available to pour your favorite cocktails or mix up something new for you and your guests to enjoy. Fryzer also has a spectacular gourmet kitchen that includes a chef de cuisine who will make everyday dining and entertaining simply delicious. Designed for entertaining, Casa Fryzer optimizes its indoor and outdoor spaces to create the perfect settings for sunset soirees, formal dinner parties or casual get-togethers with family and friends.

Each of the bedroom suites in the villa has its own distinct personality, with some being very cool and contemporary, some possessing a dramatic elegance and others offering a more bright and playful atmosphere. Each bathroom at Fryzer is like a deluxe spa escape with their Jacuzzi tubs, exquisite stone and tile workmanship and luminous ambiances. All indoor spaces connect with the beauty of the natural surroundings through the floor-to-ceiling sliding glass doors that feature in almost every room of the home.

Outdoors, the impressive rock formations of the Palmilla hills provide a sculptural backdrop for Fryzers tropical courtyard. A great spot for dining, dancing and entertaining, the courtyard is drenched with soft lighting and surrounded by palm trees and fragrant flora.

On the pool deck, an elevated infinity Jacuzzi overlooks the crystal blue waters of Palmilla Bay. The massive infinity-edge pool seemingly flows into the Cortez its electric blue waters swirling like a wave into the sapphire Sea. Large umbrellas dot the terrace - poised to offer shelter from the warm Baja sun.

Several swim-up lounge areas frame the massive pool area. On the left, a wet bar with swim-up seating on one side and bar stools on the other creates the perfect spot to enjoy some afternoon cocktails. This bar also connects with Fryzer's theater-style outdoor lounge that features plush chaises surrounding a gas fit pit. Just beyond the fire pit, a giant flat screen TV rests behind a stone enclosure and rises up remotely to create an amazing outdoor theater experience. On the opposite side of the pool, another shaded lounge space includes a large ten-person dining table encircled by pillowed seating perfect for casual relaxation. A small bridge connects Fryzer's main terrace with yet another lounge area circled with cushions and seemingly floating in the middle of the pool.

For those seeking the ultimate private escape, Casa Fryzer's grounds are secluded at the peak of the Villas del Mar hillside. The home has a full security system and is sheltered behind two sets of gates one at the guarded entrance to the Villas del Mar community and another at the top of the hill.
