Our Services - Overview

EXPANSION ADVISORY & MARKET DISCOVERY AND VALIDATION

For small businesses and start-ups, expanding globally can be overwhelming, so we're here to support you all the way. From identifying your unique selling points in foreign markets, developing your elevator pitch and first validating your product in new territories.

VENDOR REPRESENTATION

We act on behalf of your business and your company in your selected territories, helping you avoid the costs and challenges of having a full human resource and infrastructure dedicated to a new market.

CHANNEL RECRUITMENT & DEVELOPMENT

Channels are everything, especially when you're entering a new market, so we find the right partners to suit your needs and business goals. We generate leads, book calls, train, develop and cultivate a healthy and sustainable channel for your company.

BUSINESS EXPANSION CONSULTING SUITE

Our full suite, combining expansion advisory, channel recruitment and vendor representation in one, integrated and cost-effective consultancy service, to help your business grow and expand internationally smoothly and successfully.
