Preface.

THE ancient Ecclesiastical Parish of Wigan includes the townships of Abram, Aspull, Billinge, Dalton, Haigh, Hindley, Ince, Orrell, Pemberton, Upholland, Wigan and Winstanley, and contains a total area of 29,032 acres. There are Chapelries at Billinge, Hindley and Upholland. Billinge is Pre-Reformation, but its Registers only date from 1696. Hindley Chapel was built in 1641, but not consecrated until 1698 when the Register begins. At Upholland previous to 1310 a Collegiate Church was founded but the Registers of the present Church commence in 1620. Prior to the dates given it is probable that all Christenings, Burials, and Weddings would be recorded at Wigan. The Church of Wigan is dedicated to All Saints, and was in existence prior to the reign of King John. The Register—being the earliest extant—from which the following transcript is made, begins in 1580 and embraces a period of about 84 years. This Register was discovered since the Parliamentary Return of 1833 by the late Canon Bridgeman at Weston-under-Lizard, in Staffordshire, amongst some old documents. It is supposed to have been accidentally removed there with the belongings

of a former Rector of Wigan—Dr. Bridgeman, who died in 1750. The Register has been re-bound by the present Rector, and is on parchment. It contains 234 leaves, 14 inches by 6½ inches, and is in fairly good condition. The volume now printed, constituting rather more than half of the Original, contains about 10,000 entries, and is an exact copy, except in the following particulars :

(1) Capitals are in all cases used for the Christian and Surnames.

(2) The dates are all placed on the right hand side, though in the Original the side varies.

(3) The Christenings, Burials and Weddings have been separated under the three heads though in the Original they follow each other in years and sometimes in months.

In all other respects the entries are as in the Original, with which the printed proofs have been collated. The aid afforded by the Secretary of the Society during the transcribing and printing of this volume is gratefully acknowledged. Miss Wrigley of Mab's Cross is responsible for the careful and, it may be added, irksome work of indexing the Volume. To the Rector of Wigan my gratitude is very sincere for the ungrudging facilities and cheerful encouragement he has afforded in the Transcription of and Collation with the Original.

The entries from † page 32 to † page 36 have been struck out in the original Register apparently because of their being out of order of date and probably with the view of entering them in their proper place; this however has not been done. There has also been an attempt to fasten together the 2 pages containing these entries by means of some adhesive substance but it is impossible now to determine what the object was.

OF CHRISTIAN NAMES AND SURNAMES.

CHRISTENINGS . . . pp. 1--131 *inclusive*.

BURIALS " 132--258 "

MARRIAGES " 259--283 "

Where a name has variants the Head-name has been selected which now exists or which most closely resembles the modern equivalent. All variants are separately indexed with cross references to the Head-name.

Where a name has an alias each form of the name is indexed under its initial letter.

The Christian names are, with some few exceptions, indexed under their modern form.

Illegitimate children are indexed under the Surnames of both Mother and putative Father.

"N.X.N." signifies "No Christian Name."

An asterisk following a page number signifies that that combination of Christian and Surname occurs more than once on the page number asterisked.
