Dubai

## About the destination

---

Fairmont Dubai is located in the heart of a unique metropolis - widely known as the shopping capital of the Middle East and the land of perennial sunshine and pristine beaches.

Conveniently located just 10 minutes away from the world's largest shopping centre – The Dubai Mall; Burj Khalifa – the tallest man-made structure in the world, and the Dubai Fountains, which shoot water as high as a 50-storey building, as well as being minutes from Dubai's coastline with a number of popular beaches like Jumeirah Beach and La Mer.

A few metro stops from the hotel is located Mall of the Emirates – a multi-level shopping mall that houses Ski Dubai, the Middle East's first indoor ski resort and snow park.

# Dubai's Landmark

---

## DUBAI'S DISTINCTIVE LANDMARK

The first sky-scraper built on this historical road was The Dubai World Trade Centre (DWTC), which was inaugurated in 1979. It is a purpose-built complex for events and exhibitions and the building is also featured on the 100 Dirham bank note.

## DUBAI'S EVER-EVOLVING CITY SKYLINE

The first international property for Fairmont Hotels & Resorts, Fairmont Dubai opened in February 2002 and is managed on behalf of the private office of His Highness Dr. Sheikh Sultan bin Khalifa Al Nahyan.

From the stunning architectural design, unrivalled accommodation and facilities to the warm and engaging service, it has quickly become a distinctive landmark on the ever-evolving city skyline.

## The Location

---

Trade is the lifeblood of this traditionally Arabic and dynamic society, where the best and brightest meet for business and commerce. As one of the most sought-after destinations, cosmopolitan Dubai is the quintessential home of sand, sea, sun and shopping.

Fairmont Dubai is just 10 minutes away from the world's largest shopping centre – The Dubai Mall, Burj Khalifa, the tallest man-made structure in the world, and the Dubai Fountain, as well as minutes from Dubai's coastline with a number of popular beaches like Jumeirah beach and Kite Beach.

The hotel is also directly connected to the metro system and is linked to the convention and exhibition areas of the Dubai World Trade Centre by a covered, air-conditioned bridge. A few metro stops from the hotel is Mall of the Emirates – a multi-level shopping mall that houses Ski Dubai, the Middle East's first indoor ski resort and snow park. The metro also offers a direct service to the Dubai International Airport (Terminals 1 & 3).

# The Architecture

---

Authentically Local: Fairmont Dubai has been an iconic landmark in the heart of the city with a striking architectural design modelled after an Arabic wind tower called Barajeel. Inspired by heritage homes of Dubai's old town district.

## Sustainable Meetings

At Fairmont Dubai, we believe meetings and conferences can have a positive impact beyond the meeting room, as today's responsible companies and planners endeavor to seek out opportunities to give something back to their meetings destinations.

We offer planners the opportunity to:

- Minimize their meeting footprint with Eco-Meet. Our exclusive green conference planning option that lessens the environmental impact of the meeting through reduced resource consumption.
- Give back on a more personal level through one of our hands-on volunteerism programs that allow meeting planners and their guests to bond as a team through shared community outreach excursions.
- Designate 10% of guest room revenue to either a local charity supported by Fairmont Dubai and aligned with Fairmont's commitment to community well-being and environmental sustainability, or to one that resonates more closely with their guests.

At Fairmont Dubai, meetings that matter is more than just a phrase.
