The constant rain is just insane, no one's out in Happy Lane. Banji goes for a deep spring clean; it really is a tough routine.

Whilst sorting out old bags of stuff, Banji gets bored, he's had enough. But he sees a book under his bed; this looks exciting, it must be read!

At once Banji drops everything, picks up the book and starts reading. But glancing on to page thirteen only blank pages can be seen.

Keen to continue the story, Banji starts writing eagerly. "I'm a fearless space explorer, for sure a great alien hunter."

As he writes the next page, Banji The Explorer is on edge. "Mayday, Mayday" cries Banji "my engine is burst, please hurry"!

Someone hears his call for help, but the creature's face makes Banji yelp! Banji thinks "should she be trusted? Her skin is green and very crusted."
