FIELD ELECTRICIAN - M/F (Fr/En)

Offer reference 0031fieldelec-mp

ONE SA IS RECRUITING IN CAMEROON

apply to : direction@one-saholdings.com

The Field Electrician plays a crucial role in ensuring the effective and safe operation of the electrical systems in this significant iron ore mining project. This role involves the installation, maintenance, and repair of electrical systems within the mine and supporting infrastructure.

Key Responsibilities :

- Install, maintain, and repair electrical control, wiring, and lighting systems.
- Perform general electrical maintenance on mining equipment, facility infrastructure, and other electrical systems.
- Inspect transformers and circuit breakers and other electrical components.
- Troubleshoot electrical issues using appropriate testing devices.
- Ensure compliance with state and national electrical codes during all installation, repair, and maintenance works.
- Collaborate with the Engineering Department to implement electrical systems that support the two-phase development plan of the Project.
- Assist in the development and implementation of maintenance procedures and practices to improve operational efficiency.
- Comply with all safety procedures and regulations, including wearing personal protective equipment (PPE) and participating in safety meetings and training.
- Be available to handle emergency call-outs to electrical faults within the mine and other facilities.

Qualifications :

- High School Diploma or equivalent required.
- Valid state electrician license.
- Proven experience as an electrician, preferably within the mining industry.
- Experience with industrial and/or commercial electrical systems.
- Demonstrable ability to use electrical and hand tools and electrical drawings and blueprints.
- Thorough knowledge of safety procedures and legal regulations and guidelines.
- Excellent critical thinking, problem-solving, and troubleshooting skills.
- Good physical condition and flexibility to work long shifts and overnight.

Personal Attributes :

- Detail-oriented and highly organized.
- Strong team player with the ability to work independently when necessary.
- High level of integrity and dependability.
- Strong problem-solving skills and the ability to think quickly under pressure. Safety-conscious attitude and respect for stringent safety guidelines.
