

PORT SUPERVISOR - M/F (Fr/En)

Offer reference 003|portsup-mp

ONE SA IS RECRUITING IN CAMEROON**apply to : direction@one-saholdings.com**

A Port Supervisor, the incumbent will play a key role in managing and overseeing operations at the port, ensuring the smooth and efficient transportation of iron ore. This role is particularly important in view of the project's two-phase development plan, which involves substantial changes in the transport methods used.

Key Responsibilities :

- Supervise and manage all port operations, including the loading and unloading of iron ore, ensuring efficiency and safety.
- In phase 1, manage the road transport of iron ore and its storage in close proximity to a port district.
- In phase 2, oversee the rail transport of iron ore from the mines to the port area, ensuring smooth coordination with the partners responsible for building the railroad.
- Ensure compliance with local, state and federal laws and regulations related to port operations and transportation.
- Collaborate with logistics and engineering teams to streamline the transportation process. This includes switching from road to rail transport between phase 1 and phase 2.
- Identify and address potential problems with port operations, devising solutions to improve efficiency and safety.
- Maintain a high level of communication with shipping companies, ensuring that iron ore is loaded onto ships efficiently and safely.
- Prepare and present reports on port operations to logistics team and senior management.

Qualifications:

- Bachelor's degree in Logistics, Supply Chain, or a related field. A Master's degree or relevant certification would be an advantage.
- Proven experience in a port supervisory role, ideally within the mining industry.
- Strong understanding of port operations and best practices, with specific knowledge of iron ore transportation.
- Exceptional organizational and multitasking abilities.
- Ability to work under pressure and handle potential crises effectively.
- Excellent communication and leadership skills.

Personal Attributes :

- Detail-oriented with a high level of integrity.
- Strong team player with the ability to work with a diverse team.
- Proactive in identifying issues and implementing solutions.
- Strong customer service mindset with a focus on efficiency and safety.

As a Port Supervisor, the individual will work closely with the logistics department and other functional teams to ensure that the port operations align with the overall objectives of the project.

PS : salary and benefits according to profile
