

# Every Student Deserves Access to a Premium Education Regardless of Income

ALL ASPECTS ACADEMY  
*Academics+Life Skills=SUCCESS*

## SCHOLARSHIP OPPORTUNITY

At All Aspects Academy, we believe that all students, regardless of socioeconomic status, should have the opportunity to reap the benefits of a great education. Therefore we are offering 35 scholarships to low and moderate income students.

## ABOUT THE SCHOLARSHIP

These scholarships are being provided to uplift low to moderate income minority students by providing access to a high quality, whole student, culturally responsive education. By doing this, we are assisting them to transcend the barriers of the traditional school system and achieve lifelong success.

All Aspects Academy offers virtual, personalized premium curriculum, academic and non academic supports, and the opportunity for students to receive an associates or bachelor's degree by high school graduation.

Students will have to reapply every year for the scholarship. Families with one or more children are encouraged to apply.
