

The words and phrases of *Everyday Words in Cornish* are spelled in Unified Cornish Revised (UCR). **Here are the indexed words and phrases respelled in Kernowek Standard (KS)**. Also in both versions of the Standard Written Form (SWF). Alternatives are often in common use in these different spelling systems. A few of these have been noted in parenthesis. Typographical errors in the UCR forms and omissions from the word list have been corrected; an outright substitution for the word or phrase given in *Everyday Words in Cornish* has occasionally been made when the form in the book seems unsuitable on grammatical or terminological grounds (all italicized).
