GENUINE TEAK COMPOSITE

EuroDesign Group

Genuine Teak Composite Decking :

- Real recycled teak and recycled plastic

Benefits :

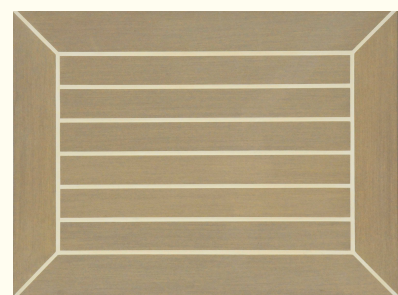

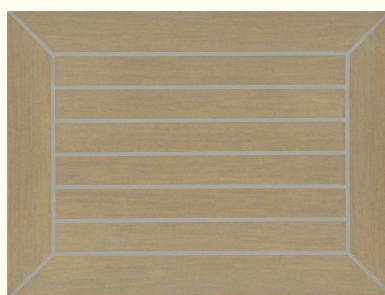

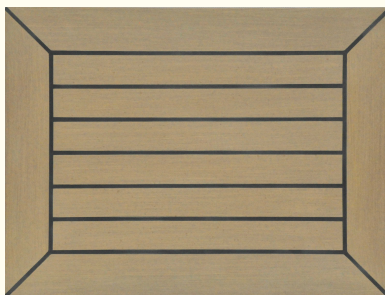

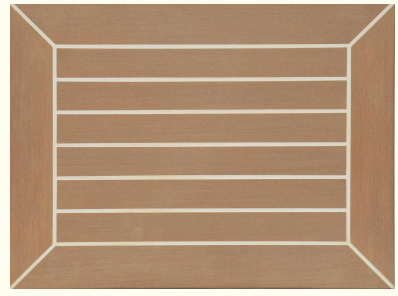

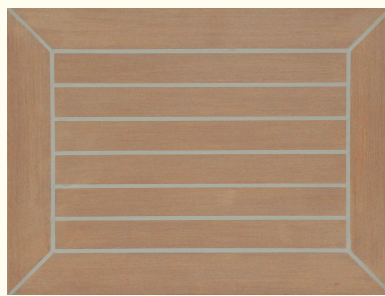

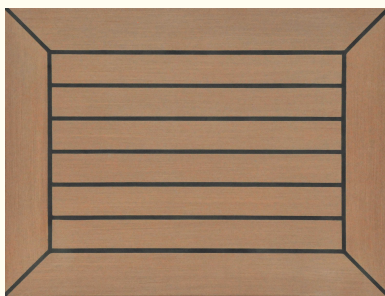

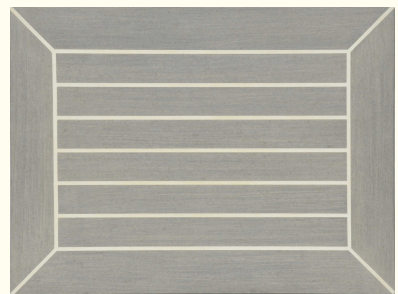

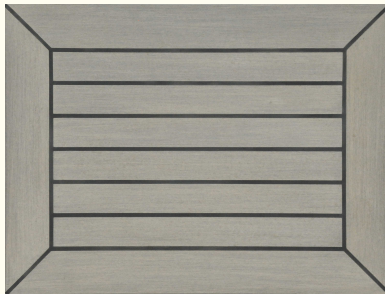

- A real Teak product
- Durable
- Low maintenance
- Environmental friendly recycled product
- Any construction, caulk not needed
- Any color is possible
- Anti slip features
- A cheaper option than solid teak
- Low temperature because of the high teak content

Our Teak Composite is made from real teak but require less maintenance.

One of the advantages is that you can choose any construction with or without caulk.

The colors are Weather Grey, Brown Teak and Yellow Teak as standart but any color is possible.
