Started on **Tuesday 19th April**, and it will take FIJ Building Service Ltd **26 weeks** to finish.

Week 5: An asbestos test was done on the sacristy ceiling and the roof slates above the altar, and it was found positive. They have removed the sacristy ceiling and the slates will be replaced when needed.

Week 6: Started digging the foundations for the new wing into the carpark. A well was discovered when digging and had to stop work until the Structural Surveyor and Building Control Engineer examine it and tell us what to do.

Week 7: We were still waiting!

Week 8: We were still waiting!

Week 9: The meeting at last is planned for Wed. 15 June. There is some hope in the air!
