Quality Care Spring Into Spring Edition: Message From the Administrator

As a team member of Quality Care Residential Homes, Inc. we are tasked with the duty to provide the highest level of care and positive experiences to our youth and families daily. Spring is here and it is time to start finding summer activities for our youth to engage. From employment and volunteer opportunities, to summer camps, Quality Care will start our employment engagement and preparation process as part of the youths independent living experience. Youth will learn how to apply for applications online through Youth Opportunities Unlimited (Y.O.U.) as well as other employment websites for summer employment. Additionally, we will start a workshop on self esteem building in group to help youth feel confident and motivated toward success!

Quality Care is committed to helping youth spring into the next level with building character while in the group home program. Commitment to growth and achievement in our youth help spring them ahead!

Renee Johnson, MPH, Administrator
