

2020 GRACE CHRISTMAS GIFT PROGRAM

GRACE is once again sponsoring a community-wide Christmas Gift Program. This program offers families in Greene County an opportunity to provide Christmas gifts for their children who otherwise would not receive gifts. The economy has hit families hard, and without the help and support from churches, businesses and the community, some children in Greene may not get the chance to see and feel the real spirit of Christmas.

This program is not only about gifts, but the love we can show and the communication of the true meaning of Christmas as we meet the families who are struggling financially, physically, emotionally, and spiritually.

God's word reminds us to help those in need, and what better way than to know you have brightened a little one's Christmas through the love of Christ.

This year we registered low income children from infant through age 14.
