Africa Impact Evaluation Conferences & Residential Training-Kampala 2022

This is a high-level conference and training on impact evaluation and monitoring. It is designed to challenge evaluators and programme monitors to enhance effectiveness and efficiency in evaluation of programmes. This conference seeks to bring together all industry players from civil society, the academia, governments and consultants in the field of impact evaluations under one single umbrella.

Theme

“Equipping, Networking and Building Synergies for Achieving Sustainable Programme Outcomes”

Objectives

The objective of the conference is premised on three pillars;

- To strengthen capacities of evaluators in decision-focused impact evaluation research, dissemination and application
- To promote use of decision focused impact evaluation in practice and policy making
- To provide an avenue to top networking, partnerships and build synergy among impact evaluators

Sustainable Development Goals (SDGs)

Duration

The programme is designed to take five days. Four days of rigorous training and a one-day conference.
