

1st April 2020

Every year we hold a competition to find the best presented plot on the site. This is judged in June or July by an independent judge. This year John Bannell, a plot holder for many years and a qualified Royal Horticultural Society judge kindly accepted our invitation to judge the plots.

Plots are judged on criteria such as overall appearance, best use of space, and variety & quality of crops.

At the AGM we announce the winners in reverse order, so I will do so here.

They keep the shield for a year.

In addition each prize winner receives a cash token they can exchange at the allotment shop (when it opens again).

The standard was excellent as always.
