Savages of Gor (Gorean Saga #17) (Paperback) | The Book Stall

Savages of Gor is the 17th book in the Gorean Saga, but you may enjoy reading the series in any order. More by John Norman [See more.](#)
Tarnsman of Gor. Book 1. The first novel in the long-running sword-and-planet series set on a Counter-Earth, where warriors rise above the chaos of bondage and brutality. Tarl Cabot has always believed himself to be a citizen of Earth. He has no inkling that his destiny is far greater than the small planet he has inhabited for the first twenty-odd years of his life.

One frosty winter night in the New England woods, he finds himself transported to the planet of Gor, also known as Counter Earth, where

everything is dramatically different from anything he has ever experienced. It emerges that Tarl is to be trained as a Tamsman, one of the most honored positions in the rigid, caste-bound Gorean society. He is disciplined by the best teachers and warriors that Gor has to offer. Tamsman of Gor is the 1st book in the Gorean Saga, but you may enjoy reading the series in any order. Captive of Gor: Gor Book 7. Assassin of Gor: Gor Book 5. Raiders of Gor: Gor Book 6. Captive of Gor: Gor Book 7. Hunters of Gor: Gor Book 8. Marauders of Gor: Gor Book 9. Start your review of Savages of Gor Gor, After reading 17 books within this series, John Norman's endless pages regarding female slavery gets old and repetitious. I love his characters and plots to the story but the woman's thoughts regarding her submissive slavery and inner feeling and thoughts page after page gets tiresome. View 1 comment. Aug 24, Darryl Walker rated it liked it. Taken as one this long yarn this is among author John Norman's better mid-stage Counter-Earth novels books If one only wanted to read the best of the Gor novels I'd recommend all of the above. Norman demonstrates his mastery of plotting, character creation and world-building throughout the ten volumes; everything this writer does well can be found here.

Combined, this is an page tale, almost , words originally with over 20, more added years later in newer editions. This is the last time Norman transports a culture from Earth to Gor until the Pani wander along a quarter of a century later. This epic adventure in an arid land among warring native American tribes even has familiar names from the past cropping up, like Kamchak and Ivar Forkbeard. Norman obviously researched American Indians extensively to bring authenticity to this story.

It also deals with a captive woman. In a John Norman book, that's no coincidence. I read this years ago. Worked my way through all the books in series. Thoroughly enjoyed them. Science fantasy meets sex fantasy. We pick right back up with Tarl Cabot's storyline and I don't think we ever hear from Jason again? Much to Samos' consternation, though, not to kill him, but to warn him that a faction of the Kurii are on his tail. As the book ends, ol' Tarl is once more a slave - of sorts! Sep 03, Christopher Walls rated it really liked it Shelves: fantasy. I read this whole series in a marathon session, while stationed in England. The depth and volume of the stories is humbling for any writer and I consider this series very influential in my own approach to writing and world building in general; generic post for all the books in this series as I am finally getting around to recording my reading list in Goodreads.

May 07, Charles rated it it was ok Shelves: fantasy. The first of a two book series within the greater Gor series featuring counter-earth Indians. Showed some promise but too much of the slavery stuff dragged it down. InkyMage rated it did not like it Jul 04, Brian Hrabovsky rated it it was ok Dec 07, Elaine rated it liked it Feb 22, Bill Wilberg rated it liked it Aug 06, Celestial Darling rated it really liked it Apr 14, Lutes rated it really liked it Nov 01, Erik rated it really liked it Jan 06, Cliff rated it it was ok Aug 23, Roy Sherrill rated it really liked it Mar 15, Rob rated it really liked it Oct 30,

Description Barbarian warriors, sexy slaves, and swordplay on a Counter-Earth in the series that's "a legend in speculative fantasy" Boing Boing.

Long ago in their intraspecific conflicts, a violent, technologically sophisticated life form, the Kurii, destroyed their native world. Long ago in their intraspecific conflicts a violent, technologically sophisticated life form, the Kurii, destroyed their native world. They now seek another. Between Earth and Gor, or the Counterearth, and the power of the imperialistic, predatory Kurii, now ensconced in the "Steel Worlds," a number of satellite colonies concealed amongst the debris of the asteroid belt, stands only the defensive might of the Priest-Kings of Gor. Tarl Cabot, once of Bristol, England, laboring in behalf of the Priest-Kings, once managed to foil a Kur attempt to set the stage for an invasion of Gor. In that venture he encountered a worthy foe, the redoubtable Half-Ear, or Zarendargar, now fallen from favor in the Steel Worlds.

In this installment of the Gorean Saga, beautiful and headstrong Elinor Brinton of Earth finds herself thrust into the savage world of Counter Earth, also known as Gor. Brinton must relinquish her earthly position as a beautiful, wealthy, and powerful woman when she finds herself a part of the harsh Gorean society. She is powerless as a female pleasure slave in the camp of Targo the slave-merchant.

Forced to learn the arts of providing pleasure to any man who buys her, Elinor is determined to escape. Captive of Gor is the 7th book in the

In each case their former Earth name had been put on them, but now, like a brand, by their master's decision, as a slave name. That the red-haired girl had not been named as yet was not a function of the fact that either Grunt or myself saw any difficulty with Millicent as a slave name. The former debutante's name seemed to us quite suitable for a slave's name. It was rather that he did not yet wish her to be named. She was to continue, for the time, as a nameless slave.

The object of this was to lower her standing in the camp, and to assist in her training. Granting her in hospitality to various of his guests had a similar object. Grunt now came forward, Ulla and Lenna bent over, one on each side of him, their hair in his hands. Ginger followed, a pace or two behind. Five of his girls were, now, not in the cove, four of these being the red-haired girl, and Ginger, and Ulla and Lenna.

The other was the English girl, Margaret, whom he had put naked, her legs pulled up, under a kailiuk hide, on the grass. Grunt threw both of the girls to their knees near the sitting men. He then jerked their tunics from them. The two girls complied immediately. They covered themselves, as they could, with their hair. They crossed their hands and covered their breasts. They clenched their knees together. They put their heads down. The seated men laughed. It amused them to see slaves in such postures. Did they think they were free women, before captors? Yet, too, I think there were few there who were not aroused seeing the women in this position. Such a position, in its pathetic pretense to modesty, begs to be rudely terminated; it taunts the master, in effect, to the ensuing and uncompromising exposure of the slave. Such a position, if prolonged more than a few moments, can become a nuisance or inconvenience to the master. It is, thus, seldom lengthily tolerated. A decorated piece of hide, bearing strange symbols, tells a story, which may or may not be true.

It suggests that Half-Ear, or Zarendargar, whom Cabot believed dead, may yet live. The death squad will seek Zarendargar, but, so, too, will Cabot, to warn him, for once, long ago, and faraway, in the polar north of Gor, each with the other had shared drink, a gesture of warriors, a cup lifted amongst foes. But to pursue this mission Cabot must enter and traverse the Barrens, the vast Eastern prairies of the primary Gorean continent, lands contested by tribes of warring savages, lands forbidden to strangers.

Genre: Fantasy.
