

## TOWN OF CATHLAMET, WASHINGTON

### NOTICE OF TIMBER HARVEST

The Town of Cathlamet, WA is soliciting quotes from certified logging contractors to perform logging and hauling services on up to approximately fifty (50) acres of Town-owned timberland located near Cathlamet in Wahkiakum County, Washington. Section 08; Township 08; Range 05 West. The total harvest volume is estimated at 1.10 MBF. Timber volumes are estimates only – a cut-out cruise was not performed. The services contract will be awarded to one contractor based on best value as defined under the following criteria: 60% cost, 20% qualifications and references, 20% operational plan/timeline and equipment (see quote package outline.)

Logging contractors must request Logging & Hauling Services packets from Town Hall at 375 2<sup>nd</sup> Street, Cathlamet WA 98612. Which may be obtained in person or online at [www.townofcathlamet.com](http://www.townofcathlamet.com). Packets contain parcel maps; general harvest prescriptions; pre-and-post-haul land and road requirements; and specific quote instructions and other requirements. Quotes must be submitted in writing on the prescribed Harvest Packet Forms to Town Hall by the deadline:

**Quotes must be received by: December 3, 2020 at 12:00 noon**

*\*Faxed and electronic quotes are not allowed.*

**Project Description**

The Town of Cathlamet, WA is soliciting quotes from certified logging contractors to perform logging and hauling services on up to approximately fifty (50) acres of Town-owned timberland located near Cathlamet in Wahkiakum County, Washington. Section 08; Township 08; Range 05 West. The total harvest volume is estimated at 1.10 MBF. Timber volumes are estimates only – a cut-out cruise was not performed. The services contract will be awarded to one contractor based on best value as defined under the following criteria: 60% cost, 20% qualifications and references, 20% operational plan/timeline and equipment (see quote package outline.)

**General Harvest Prescriptions**

**Harvest System:** Mechanized falling with whole-tree skidding – landings pre-determined as shown on tract maps.

**Skidding:** Damage to the residual stand and natural regeneration is to be minimized.

**Slash Piling:** All landing piles must be dirt-free. Pushing of slash with skidder / dozer blades is not acceptable. All piles are to be grapple-piled only. Unacceptable slash piling will result in forfeiture of some or all of the Logger's performance bond.

**Log Sort Specs:** Log sorts are not yet determined but will consist of sawlogs and pulp.

**Log Branding:** Spray both ends of every sawlog or log with red paint – **this timber is export restricted.** For Pulp logs, only spray flush ends with a diameter greater than or equal to 10". Logging contractor is responsible for supplying red paint.

**Logging Schedule:** Harvest will begin near 12/15/2020, upon market conditions.

**Pre-Haul Maintenance:** None. Pre-haul will be done by Town prior to logging.

**Road Maintenance:** The contractor will be responsible for final grading of road surface from the job site to the Fern Hill Road access gate upon completion of harvest. Please allow for this in the logging quote.

**Equipment:** Equipment is expected to be weed free; please thoroughly power wash all equipment prior to entering the project area.

**Harvest Unit Summary**

**Prescription/Designation:** Harvest of Douglas fir and hemlock. All trees with a dbh greater than 2 inches which are not banded with orange paint are to be cut.

**Road Plan:** Use existing road system

**Unit Boundaries:** Flagged in plain pink ribbon and blue paint

**Total Harvest Volume:** Approximately 1.1 MBF
