- Highest purification with pH 7-FDA recommended, so No pain during injection
- High concentration of Recovered platelets "1.8x to "5x insuring best results

FACE REJUVENATION

Before the Treatment After three sessions

Benefits

- Skin rejuvenation
- Smooth and decrease fine lines
- Improve the appearance of scars
- Restore hair growth
- Speed up the healing process after peeling, lasers and radiofrequency procedures.

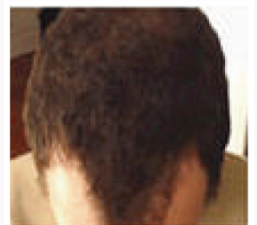

Biotin

- Biotin is a vitamin B complex
- Used for improvement of fine, fragile and thin hair
- When injected, it reacts with cell enzymes and plays a vital part in producing amino acids
- This is crucial because hair itself consists of keratin, which is a form of protein
- Dermoregen kit for hair contain one ml Biotin tube

***Stop losing your hair...
