COX, TIROEN TO THE MOON AND BACK 4 year old beautiful feminine bitch who was presented in absolutely outstanding condition, beautiful feminine head with soft expressive eye, good chiselling, correct ear-set, elegant neck into good forequarters, straight forelegs with good bone and feet. Balanced angulation fore and aft, well muscled throughout with good rib and strong loin, she was presented in an excellent glossy coat. 1. TAYLOR'S TIROEN TRUE GENT I see these 2 are littler brother and sister, they are at different stages of development and I chose the winner which is the 18 month old male, he is up to size but is balanced for height to length ratio. He is strongly built with a strong mature head and a little light in the eye. Strong muscled neck into good lay of shoulder, level topline, good body proportions with depth and substance, well set tail. Presented in super coat and condition. Well muscled hindquarters with developed 2nd thigh. On the move he was true both coming and going but just tended to pace at times which cost him in the challenge.
