Project 2024

L'atelier de Mr C. is a very small design and manufacturing workshop for luminaire / visual art fixtures in Dordogne, France.

I make everything by hand with meticulousness and obsession with detail.

I want to sublimate the materials to create an emotion through my creations.

At home, no automatisations, I just take time to do things.

I only work with top quality materials (oak, art glass, copper or brass, gold leaf, mother of pearl ...).

Two worlds stand out :

- Handcrafted luminaire fixtures, signed through the workshop brand.

- Visual art luminaires, Eclipse and Nebula, are on the borderline between visual art and craft. They are signed Mr C. and numbered.

Hall 5a

Hand made by *Most treasure* L'atelier de Mr C.

*Most treasure* is a range of handmade lamps.  
It was inspired by the story of the treasures lost in the galleons  
of the XVII century.

The material and colour codes are the same here (mother of pearl, gold  
22k, carmine, ivory color, black pearl, wood, sail, mast...).

These materials are reinterpreted in a contemporary design.

This range comprises 3 sizes which can be horizontal or vertical thanks to  
its central rotation axis.

The models can be used as wall lights or table lamps.

Finally, there are 3 possible themes : Mother of pearl ;  
Mother of pearl speckled with real gold leaf ; genuine gold leaf.

*Size 1*

460x490mm

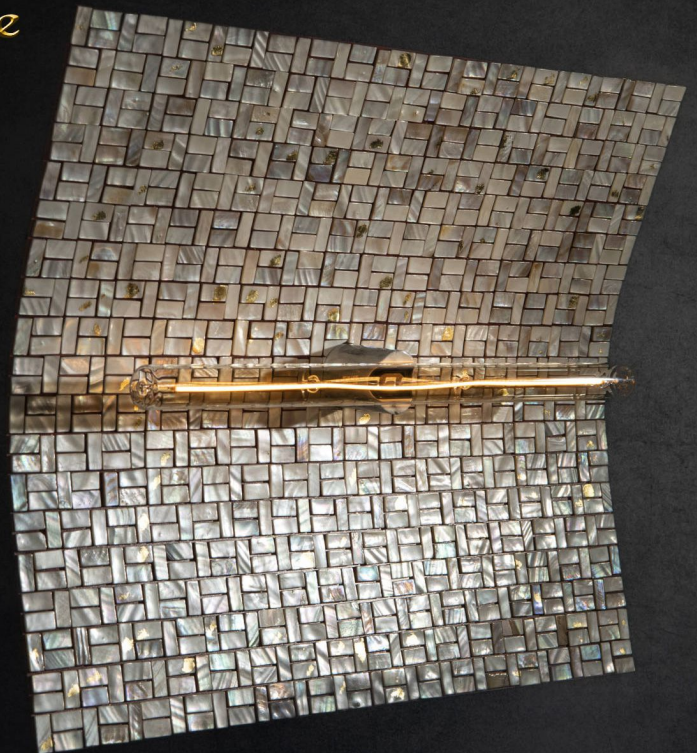

Important : in 110V, the wall-mounted version is not possible with this bulb.

## Wall-mounted

90 degree  
swivel

Size 2  
632x490mm

Important : in 110V, the wall-mounted version is not possible with this bulb.

*Size 3*  
1090x460mm

Important : in 110V, the wall-mounted version is not possible with this bulb.

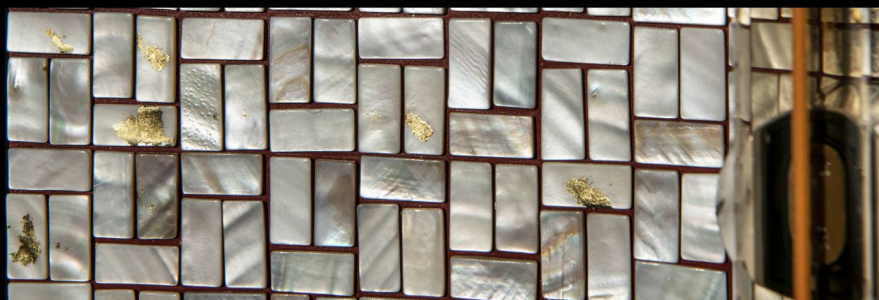

Layering 1

Layering 2

Layering 3

Mother-of-pearl  
with genuine  
gold leaf.

Mother-of-pearl.

Genuine gold leaf  
23 carats

Important : in 110V, the wall-mounted version is not possible with this bulb.

# - Movement -

Movement is a range with a measured cost as part of an arts crafts product.

PEFC French stained oak base for table lamps. The stem is 90cm flexible for table lamps and 60cm for wall and ceiling lamps. On the shade plate, I apply 23 carat gold leaf, red copper leaf or real silver leaf, depending on your requirements. The colour of the lamp elements matches the choice of leaves. Flexible hose in a choice of colours.

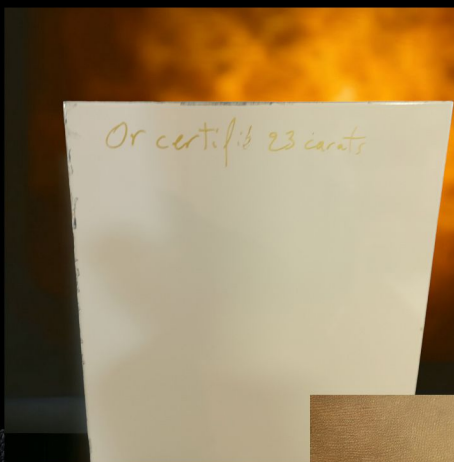

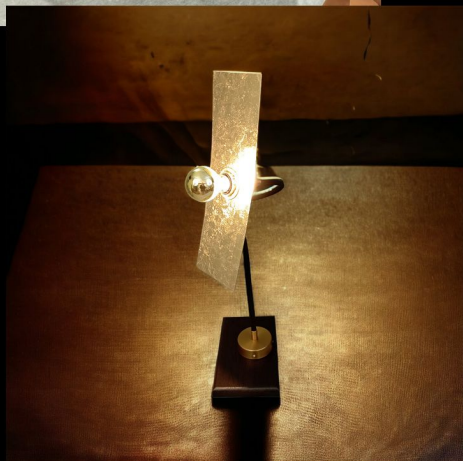

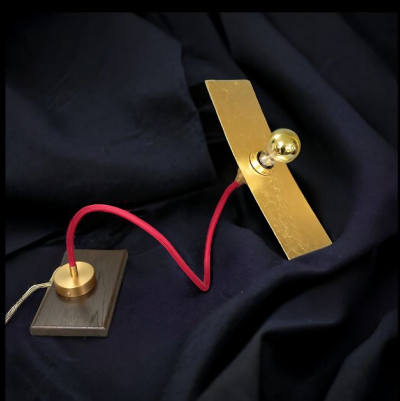

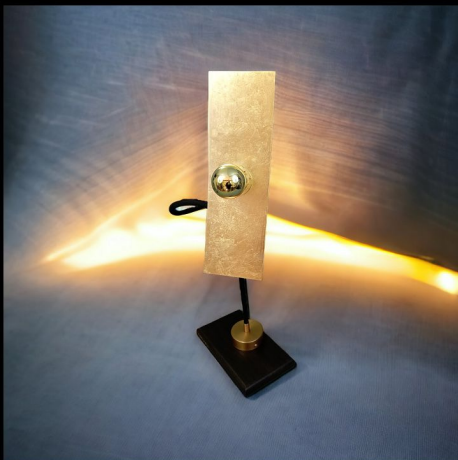

The end customer takes part in the design by bending the hose in a variety of ways. He chooses whether to place the plate horizontally or vertically. This means that the product is almost unique to each lamp. The lamp is signed « L'atelier de Mr C. » on the base.

The bulb is not supplied, but it can be supplied (except for 110v).

The leaves are laid using a specific technique that produces a luminous and aesthetically pleasing result.

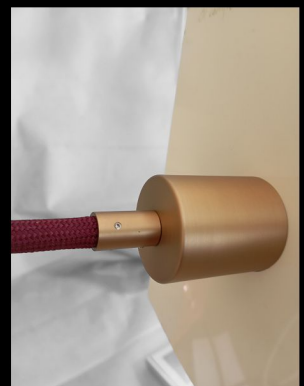

# 111 Gold leaf

# Gold leaf

flexible colour :

Bordeaux, navy blue, black, bright red.

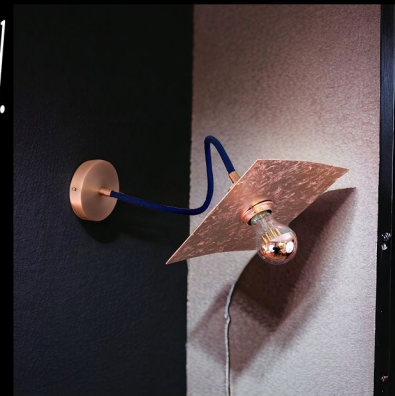

# Red copper

# Red copper

flexible colour :

Bordeaux, navy blue, black, bright red.

# Terms and conditions of sale.

Once the choices have been determined with a project estimate, a 50% deposit is required to validate an order.

The possible ways of payment are : bank transfer; Paypal link, credit card payment link.

The balance of the order must be paid before shipping.

To the balance of the order, will be added the shipping costs and the insurance (covering the value of the luminaire and shipping costs). These shipping and insurance costs will be given with the balance requests.

It is your responsibility to check the condition of the item on receipt and to ensure that it is conform to the quotation.

A final invoice will be sent.

My corporate tax structure does not allow for Vat recovery. The price transmitted is the price excluding tax, with no Vat recovery possible as it is not paid or collected.

If you wish to receive a sample, the value of the sample must be posted as security, transport and insurance costs will have to be paid.

# Prix pro : 1st semester 2024:

## Movement :

Table lamp : the size of the plate is 120mm x 380mm.

The maximum height is 860mm, the flex 900mm makes the height highly variable depending on the design choices.

The base is 240mm x 140mm and 20mm thick.

E27 base. Country specific mains socket or with adaptor.

Wall or ceiling light : The size of the plate is 225mm x 225mm.

The maximum height is 650mm, the flex 600mm makes the height highly variable depending on design choices. The bell is 120mm.

E27 base. Country specific mains socket or with adaptor.

The LED bulb complies with 220v. For 110v, we need to get closer to the local market.

## Gold leaf 23 carats:

Possible hose colours: Bordeaux, navy blue, bright red, black .

Table lamp without bulb : 208,65€

Table lamp with bulb : 224,35€

Wall or ceiling lamp without lamp : 179,3€

Wall or ceiling lamp with bulb : 190,3€

## RED COPPER LEAF:

Possible hose colours: Bordeaux, navy blue, bright red, black .

Table lamp without bulb : 184,65€

Table lamp with bulb : 200,95€

Wall or ceiling lamp without lamp : 158,4€

Wall or ceiling lamp with bulb: 174,6€

## SILVER LEAF ( on demande, 2024 project ):

The lamp is assembled entirely by hand in the workshop in France. The leaves are laid entirely by hand by Mr C.

This inexpensive range offers incredible benefits in addition to its price :

It's handmade by a craftsman, with a visible signature, quality materials and a modular fun design.

Not a fragile product, delivered in a cardboard box.

Prices do not include delivery charges.
