

Hi Ladies,

This last year has been challenging and our club has come through with friendships intact and concern for one another. We have demonstrated flexibility, tolerance, compassion for the needs and choices of others, and support of one another.

Your involvement in and commitment to WCP have enabled us to develop and continue programs and events that our membership enjoys. We have numerous Interest Groups, including book groups, card groups, community service, dining, music, gardening, out & about, cooking, needle crafts, card making, entertaining the elderly, and making personalized blankets for children in unstable living circumstances. Our major celebrations each year are the Candy Cane Gala and the Spring Fling.

**Each year we must sign up for interest groups again, with preference given to people who were members of the group the previous year. Note the \* preceding some Group titles on the renewal form. This means the Group may be at capacity with last year's members. These groups might have a substitute or waiting list. Or a new Group can be formed if you have eight ladies and a designated leader.**

Please renew your membership today to continue being part of WCP and enjoying benefits, such as:

- Participating in various Group activities and major events
- Hearing informative and entertaining speakers at monthly meetings
- Receiving monthly newsletters that describe the activities of the Club
- Being listed in and having the member directory and the pictorial directory
- Paying a low annual membership fee of only \$35
- Enjoying opportunities to meet members and to nurture new and enduring friendships

Please complete the enclosed membership form and mail it today with your check to WCP.

Take care and stay safe,

Marty Traver  
President WCP
