

SILVERSTONE @360

Silverstone @360 is born to offer the opportunity to live an experience in Silverstone at 360 degrees. We want to give the chance to involve not only the adult audience but also young fans of the racing car world.

MPM drive offers **three packages** that will allow you to live this experience from A to Z with a complete path full of learning, knowledge, experience and reality. Silverstone @360 experience has packages for families, couples and student groups, with the aim to give at the end of the day a fun, complete and comprehensive vision of the world of motors.

OUR MISSION

**Please note the minimum age to experience hotlaps is 21 years old.*

Our mission is to deliver an experience that is authentic, thrilled, safe and enjoyable, organising a fantastic day out for all our customers. [The journey begins in the Silverstone Interactive Museum](#), intending to learn more about motorsport, followed by a [virtual experience on the simulator at the Virtual Reality Racing Club](#) and, in the end, an [authentic experience on the Silverstone circuit with our racing cars](#). You will be supported by all MPM professional experts, helping you enjoy the adventure; in a fun and safe way!

These packages engage families, students, couples, and both young and old minds with STEM subjects in the most exhilarating, immersive and interactive way. Through the story of Silverstone, we will make the motor racing topic accessible for both fans and people with no prior interest in the sport. You will get back home with more motors awareness and a dream achieved!

The journey of the experience is created to be inspiring, engaging, entertaining and fullest!
