

SkimAtom

The **SkimAtom** efficiently skim the surface of your pool keeping your pool debris free. Collects leaves, insects, hairs, dirt, pollens, debris, before they sink to the bottom of the pool.

Fully automated, no cords or cables! Connect your smartphone via bluetooth to choose between the automatic option or manual mode.

Eco friendly and energy saving, the **SkimAtom** not only decreases the run cycle of pumps but also reduces pool chemical usage leaving a cleaner and healthier pool.

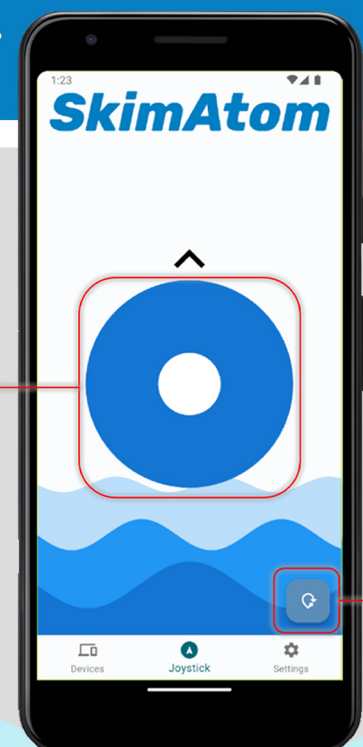

First pool robot to be equipped with motor jets for more precision, faster speed, quietness and it's extremely environmental friendly

With the SkimAtom, reduce chemical and pump usage.
The SkimAtom is amortized as from the first year of use!

CHARACTERISTICS

- Gyroscopic sensor system
- Cleans the borders
- Possibility to charge with EU plug charger or natural light
- UV resistant
- Works in freshwater and saltwater
- Lightweight and quiet
- Various automatic modes
- Precise rotation capability
- Ergonomic Design
- Secure Switching system
- Dimensions: 456 x 450 x 165 mm
- Weight: 4 kg
