Festival information

The welcome pack contains all important information to make your experience one to remember. Children **MUST** be always supervised. Certain attractions require the guardian to monitor and adhere to the rules and guidelines printed with the attraction. These guidelines are there to keep the children safe so please make sure any capacities are respected. We also ask that you respect others and allow all children the chance to have a go.

We have several workshops which can be booked prior to arrival using the link below.

[Camp Severn - Weekend Planner - Booking by Bookwhen](#)

Please think carefully when booking under 3's onto a workshop as it may not be suitable for them. If they have an older sibling, then it would be advisable to book the older sibling and bring the under 3 along. This way it doesn't take a space away from another child.

All timetables for shows will be published on our website nearer the event. All relevant information and maps can also be found at our website under Festival info.
