Students will benefit from our school's extensive experience in teaching French as a foreign language as well as a customised follow-up with our academic team to assess their level throughout the programme.
- An 8-week internship will also allow the students to put their knowledge into practice and improve significantly their French language but also their professional skills by working in a French company.
- International House Nancy will help students with the University registration process.
- At the end of the programme, students will sit the TEF exam to complete their enrollment.
