

# KINGS ACADEMIA NORTHCLIFF

**CAMBRIDGE INTERNATIONAL  
HOMESCHOOLING LEARNING CENTRE**

*"The world's leading learning solution for students of all ages, providing Internationally accredited education."*

## What is the British International Curriculum?

The British International curriculum is based on the world's most widely-recognised British system of learning and assessment, boasting more than 160 years of expertise.

It is a highly-regarded and accredited primary and secondary school programme that allows a seamless integration with national curricula worldwide.

## INTERNATIONAL ACCREDITATION

CambriLearn is accredited with Cognia, the world's largest non-profit education community, meaning that a CambriLearn education is recognized and accepted at universities around the world.

*CAMBRIDGE INTERNATIONAL  
LEARNING CENTRE*

## Benefits of the British International curriculum

The British International curriculum sets a global standard for education and is recognised by universities and employers worldwide. It is every student's passport to an international tertiary education, accepted by universities and colleges in more than 160 countries. By allowing students to start at any time of the year, they set the pace for their learning, unlimited by the bounds of any academic calendar. This is augmented by the freedom to tailor their subject choices according to their country's specific requirements to achieve a school-leaving certificate.

## Exams

For Primary and Foundation levels, students complete a final exam (facilitated at the Kings Academia Learning Centre) to determine whether they are ready to move on to the next level of study. This exam is submitted to the relevant CambriLearn teacher, who provides detailed and personalised feedback on the final results.

For International GCSE, AS Level and A Level, exams are written at Kings Academia Northcliff and marked and certified by the Cambridge International British Council.

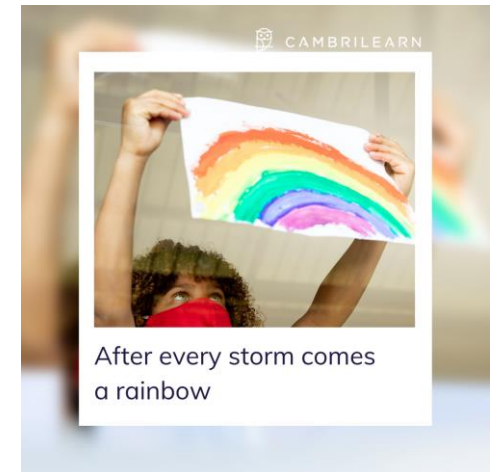

## The British curriculum levels our students will follow

CambriLearn will take you through your whole schooling career, from learning to Read and Write, all the way to completing your A Levels.

- Learning to Read and Write
- Primary Stages 1 to 6
- Lower Secondary (Foundation I and II)
- International GCSE
- AS and A Levels

## How the CambriLearn homeschooling system works

By taking a competency-based approach to education, our platform when used in conjunction with the British International curriculum, allows students to study at the level at which they will excel. Although there are recommended ages at which different education levels should be taken, this approach means the levels are flexible enough to accommodate each student's unique competence. This is the ideal preparation for both tertiary studies and for the world of work, where the emphasis is on higher order thinking.

## Why Choose CambriLearn?

- Over a decade of experience
- Internationally accredited Online and in-person learning environment
- Live lessons and on-demand
- learning resources Access to the best teachers and tutors
- Personalized, self-paced learning Be part of a global community
