

# FEAST OF PENTECOST

To all the princes and princesses of our time,

Let's gather around to hear this Pentecost rhyme.

Back in those days when Yahawashi our king walked upon the earth, he did some marvellous things.

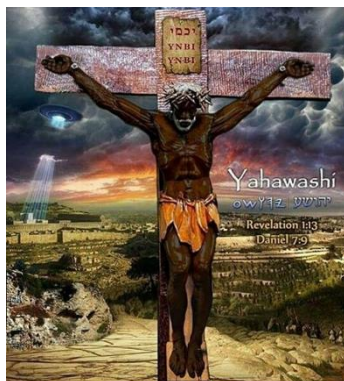

He healed the blind and also the lame,

And all through the land our KING had much fame.

But evil men who had lots of strife,

All gathered together and took our Lord's life.

Though they killed his flesh but not his soul,  
His spirit came back upon the young and old.  
Feast of Weeks or First Fruits is another name  
Two different titles, but the feast remains the same.

The Jews came from all over the world to keep the feast and honour  
GOD's word.

And it came to pass upon that day,  
Those who spoke different languages understood what a brother would  
say.

Tongues of fire rested upon them all,

Praising and worshipping the LORD our GOD.

The Feast of Pentecost so it's mostly called, is a yearly feast we all  
must observe.

And as we grow up to be the children of GOD

Let us always be mindful to keep ALL of his laws
