

TRUMPETS

The Feast of Trumpets or the Memorial of Blowing of Trumpets is what it's called,

The seventh new moon in the seventh month makes it the holiest of all.

At the start of the feast the shofar is blown.

To wake up all Israel and let it be known

Of ancient times our foreparents humbled themselves and prayed

In like manner we endeavor to do the same.

Trumpets were used as a sign in war

And when blown we were remembered before our Lord.

To him must we pray and place all our trust

And as it says in his word he will fight for us.
