Stanley door opener manual

The Stanley guarantee for the opening of the doors is guaranteed the doors and remote controls for Stanley garage doors are guaranteed due to defects of materials and manufacturing for a specified period of time, given the available model number, provided that the Recommended installation and maintenance procedures are respected with maintenance procedures. This guarantee replaces all the other expressed or implicit guarantees (some states do not limit an implicit guarantee period so that this limitation do not apply to the user) and it will be nothing in case of damage due, fire or fire damage or fire or fire Lightning. The manufacturer is not responsible for employment taxes supported by removing or replacing a defective part. In the event of a failure, due to lack of material or production within the warranty period, the electronic components (electronic card and transmitters) or the entire tilting door will be repaired or replaced free of charge by the manufacturer. You can call the following number for information on this guarantee: 800-521-5262. New or compatible factory substitutes will be used. For spare parts, the guarantee is provided for the rest of the initial guarantee period. If the warranty registration is not returned, the above guarantee period is calculated on the basis of the distribution of the manufacturer, not on the date of purchase. This guarantee gives you specific legal rights and you may also have other rights vary from country to country. To be used with 120 volts, 60 Hz. Only electricity.
