Karusandara

We are excited to be involved in the new church plant in Karusandara. After going out there every Tuesday for a Bible study, we believed it was time to begin Sunday services.

Several people have made professions of faith in Christ in Karusandara. In fact, just recently, Brian's sister, Abias, got saved. We also had three who came in to the town church and were baptized.

There are several men and ladies who are being disciplined as well. It is exciting to see the hearts of the people there truly desiring to know the truth.

Uganda's Uniqueness

Because coffee is one of the major exports for Uganda, we are able to purchase it quite cheaply and roast it ourselves.

As Karusandara is a bit of a distance from Kasese town, it would be difficult for them to pay for transport to come to church every Sunday. Therefore, we believed it was the Lord's timing to begin holding Sunday services out there, with the goal of organizing the baptized believers into a church.

I appreciate all the men from the town church who have been willing to come out every week to teach the Bible study lessons, teach the children's classes, do soulwinning, and discipleship. What a difference they have made!

Rwenzori Baptist College

The men made it through the Homiletics course in the Bible college. Each of them prepared and preached six different types of sermons. Then they did a seventh one of their choice. Lastly, they preached a 10-15 minute message on Sunday morning in the main service. They were a bit nervous, but it was a blessing to see them stand before a crowd of people and preach the truth of the Word of God. Please continue to pray for them as they will be doing the preaching while we are in the States on furlough.

Muhindi

I was blessed to be invited by one of our local pastors to teach and preach a couples conference up in the mountain village of Muhindi.

Marcus went with me and we set off in the morning and finally reached the village after several hours. There were several couples and some soon-to-be couples who were in attendance. I taught lessons concerning husband/wife relationships, dealing with children, and finances. In between the different sessions we played some various games that the people really enjoyed. We had a great meal to top off the conference. I pray that they will apply the principles they learned, and they will truly be able to have a marriage that is heaven on earth.

Immigration

Please pray for us we try to obtain our "Certificate of Residence" for Uganda. This will help us avoid a lot of paperwork, time, and energy in the future. It is a very long and tedious process, so please pray that God will show His favour.
