

# Wormleys to East Africa

Dear Praying Friends,

June 2019

This was the first time that the whole family was able to go with me to Mombasa to see the churches and Bible school there. It was definitely the craziest trip I have ever taken to the coast! Abram absolutely loved playing with all the kids in the village. He especially likes trying to catch all of the kuku (chickens). Bethany was working overtime, as she taught a lesson in Swahili to all of the wives at the couples seminar on Saturday, while juggling baby Journey! There was a two day couples seminar, followed by a full Sunday at church in Mikindani, and then Bible school started first thing Monday morning. The last few months we have been able to bring out some solid books in both Swahili and English. The students have loved every book and have been devouring them in their personal time. Even though its very hot! we always love going to Mombasa, though we certainly disliked all of the mosquito bites!

The book study with several pastors has been going very well. We have been discussing the importance of expositing the Scripture by way of exegesis. There were many interesting stories of sermons they have heard before, due to taking verses out of context and misapplying them. It is encouraging to be with men who want to clearly and soundly preach the Word of God. There is a big pull in churches all over, where the pastors mainly tell catchy stories and throw in a little Bible here and there. I thank the Lord for pastors who are willing to go against the cultural norm and exposit the Scriptures.

Please pray that my drivers license would arrive. I have been planning to take a trip into Uganda for several months, but have been unable to because of paperwork. I have been waiting for months to receive my Kenyan license after completing all the required documentation.

We are looking forward to another busy month as July comes in. Teaching in the various Bible schools as well as another trip to Mombasa and Nairobi. We appreciate your prayers for traveling safety and that the Word would be clearly taught and warmly received. We thank God for each of our supporters and friends, who are praying and providing for us as we serve in Kenya. Asante Sana! As always, please let us know if there is anything we can be praying for you about.
