Business location (town, suburb or postcode)	Merimbula NSW 2548
Select your business type	
Community sports	
Completed by	Matt Collins (MBA Development Officer)
Email address	merimbulabasketball@gmail.com
Effective date	12 April 2021
Date completed	29 June 2021

Wellbeing of staff and customers

Exclude staff, performers and attendees who are unwell from the event.

Agree

Provide staff with information and training on COVID-19, including on when to get tested, physical distancing, wearing masks, and cleaning.

Agree

Display conditions of entry including requirements to stay away if unwell and record keeping.

Agree

Other types of venues or facilities within the premises must complete COVID-19 Safety Plans where applicable. If contact details are captured electronically upon entry to the main premises on the relevant day, additional collection of contact details via electronic methods may not be required if there is no other public access to the sub-premises. However, additional contact details and time of entry must be captured where these sub-premises are indoor gyms, nightclubs, dine-in hospitality venues, pubs and bars.

This Covid-19 Safety Plan and associated documentation outlines the requirements for the clubhouse building which is within the Merimbula basketball courts facility. The clubhouse is not another type of venue or facility, it is part of the main facility.

Physical distancing

Capacity for a non-controlled outdoor event must not exceed the lesser of 1 person per 2 square metres of space of the premises in which the activity is conducted, or 5,000 persons.

Capacity for a controlled outdoor event (seated, ticketed and enclosed) must not exceed the lesser of 1 person per 2 square metres of space of the premises in which the activity is conducted, or 10,000 persons.

Agree

Support 1.5m physical distancing where possible.

Agree

Avoid congestion of people in specific areas where possible.

Agree

Consider having strategies in place to manage gatherings that may occur immediately outside the premises and in any designated smoking areas.

Agree

Where practical:

- Encourage private transport options to minimise crowding on public transport
- Coordinate with public transport to minimise COVID-19 risks associated with transportation to and from the venue if crowding may occur.

Public transport options / operators are very limited in the area; there are no specific services to the venue that would create a need to communicate with public transport providers.

Hygiene and cleaning

Adopt good hand hygiene practices. Have hand sanitiser at key points around the venue.

Agree

Ensure bathrooms are well stocked with hand soap and paper towels or hand dryers.

The toilets within the clubhouse will remain closed.

Clean frequently used indoor hard surface areas (including children's play areas) at least daily with detergent/disinfectant. Clean frequently touched areas and surfaces several times per day.

Agree

In indoor areas, increase natural ventilation by opening windows and doors where possible, and increase mechanical ventilation where possible by optimising air conditioning or other system settings (such as by maximising the intake of outside air and reducing or avoiding recirculation of air).

Agree

Record keeping

Keep a record of the name, contact number and entry time for all staff, attendees and

contractors for a period of at least 28 days. Contact details must be collected for each person using a contactless electronic method, such as a QR Code or similar, including a spreadsheet or database for community sporting events.

Agree

Processes must be in place to ensure that customers provide the required contact information. Electronic check-in systems, such as QR codes, should be clearly visible and accessible including at entrances to the event.

Agree

Records must be provided as soon as possible, but within 4 hours, upon request from an authorised officer.

Agree

If a person is unable to provide contact details, for example due to age or language barriers, another person may provide contact details on their behalf. If there are unexpected circumstances which prevent the use of electronic methods to collect contact details (such as an internet outage), any paper records must be entered into an electronic format such as a spreadsheet within 12 hours.

Agree

I agree to keep a copy of this COVID-19 Safety Plan at the business premises
