1. Em D C G (f#)
Sometimes when the sun goes down

Em D C
You feel so alone

Em D C G
But you know that you can't go back

Em C G D
When you're so far from home

Em C G (f#)
When you're so far from home.

2. And under the moonless sky
You can't find your way
So you sit and you wonder why
There's no place to stay.
You've got no place to stay.

BRIDGE: Em D C G (f#) Em D C
Em D C G (f#) Em C G D
Em C G —

D/F# Cma9 G (f#)
But in the morning dew

Em D C
When the night meets the dawn

D/F# Cma9 G
From somewhere deep inside of you

C/G D
You find the strength to go on.

3. There's one thing I'd like to say
Though the road never ends
No matter what comes our way
We will always be friends
We will always be friends. x2
