Lyrics and music copyright © 2002 Richard Evanoff

Time 4/4 — Key A — Capo II

1.           G C/E G/D D/F# C G  
The wind is blowing hard
- C G/B Am G Dma9/F#  
And the night is getting cold
- Em D/F# G Am G/B C G  
And you'll be leaving in the morn
- C G/B Am G Dma9/F#  
To set out on your own.
- Em D/F# G  
But when you go
- G Am G/B C D  
Remember where you've been
- D7/F# G D G  
For I'll be waiting
- G C G/B Am G  
To see you once again.
2.           And when you walk alone  
              Upon the sandy shore  
              Will you ever think of home  
              Or what you had before?  
              But don't turn back  
              Keep flying straight ahead  
              And I'll be the sunlight  
              Dancing round your head.
3.           And if the night is dark  
              And if the wind blows cold  
              I'll light a fire in your heart  
              A flame to warm your soul.  
              And when you come  
              Homeward on the wind  
              I'll be waiting  
              To see you once again.
