

MENTOR

for bright futures

COBB COUNTY SCHOOLS MENTORING PROGRAM

WHO ARE WE?

Cobb Mentoring Matters is a school-based mentoring program matching CCSD students ages 10 to 18 with volunteers from our diverse community.

MENTORING MATTERS!

Everyone knows mentoring is important, but did you know adults just like you are transforming the lives of young people by spending a total of **4hrs a month** with students on a school campus?

Mentoring helps to:

- reduce school absences
- improve parental and peer relationships
- improve overall academic performance
- increase college interest and participation

**YOUR COMMITMENT
MAKES IT POSSIBLE!**

WE SUPPORT YOU AS YOU SUPPORT THEM

Our program staff provides the training and support to help make your mentoring experience successful in one of three campus-based programs:

Traditional

1:1 matches with students in any grade

Small Group

Based on partnerships with local businesses or community organizations to mentor at schools

REACH Scholars

Mentoring students 8th grade and up who have been pre-selected for a college scholarship
