TO WHOM IT MAY CONCERN

Dear Sir/Madam,

When we invited experts to participate in becoming the possibility of empowerment for underprivileged teens by hosting our **Empowered to Prosper™** workshop for Teens in their community, Michelle N. Samuels devoted her time and showed great dedication to being a workshop facilitator in her community.

We required each workshop leader to host an event for 20 teens and Michelle exceeded that goal.

Thanks to Michelle 80+ young people in her community received valuable personal empowerment guidance and training to show up as empowered leaders and legacy builders in their own community.

I am sure no matter what the task is, Michelle will show the dedication and commitment required to succeed.

Sincerely

Hanna Fitz, LL.M./CLP
