Meeting ID: 863 6876 5678

Passcode: 585788

Speakers:

Adam Francis, MSN, RN

Stephanie Day, MHA, BSN, RN

Pamela Vitale, CRRN, BSN, RN

In April of 2022, Brooks Rehabilitation opened its third inpatient rehabilitation hospital in Jacksonville, FL. The Brooks Rehabilitation Hospital Bartram Campus has been a great success from quality outcomes, nurse retention, and financial stewardship. Join us for insight on how to build a culture of support, maintain quality outcomes, and promote different leadership styles for a healthy work environment. Our areas of concentration will focus on patient satisfaction and staff satisfaction, building a strong nursing team in a highly competitive environment, and exceeding financial targets while maintaining our excellence.

Learning Objectives:

- Learners will be able create a culture of excellence, assess varying styles of leadership while examining tips for success. They will then be able to demonstrate lessons learned for exemplifying excellent culture and reproduce that environment into one that fits their organizations values.
- Learners will be able to formulate methods to maintain high patient satisfaction and quality outcomes.
- Upon completion, participants will be able to identify various styles of leadership and implement within their organizations.
- Upon completion, participants will be able to identify opportunities to reduce supply costs through utilization, proper staffing to census, maximizing non product time during orientation to reduce training costs.
