Take a time-out and recharge. Allow openness for life to blossom and bring this freshness into your everyday life. The practices of Inner Alchemy enable profound processes of inner transformation. This ancient meditation system was developed and refined over many centuries.

Join me on the ancient path of Tao Qigong. The themes are: revitalising, refining and lifting the healthy vibration in body and mind; Strengthening our life force, and developing clarity and an open heart.

Inner Alchemy and Healing Hands

14 - 19 November 2024

Thursday 6pm - Tuesday 3pm

Through the exercises we will increase health and expand nourishing life force, reaching each body cell to effect rapid change and balance the emotions.

(Prerequisite: Knowledge of the Cosmic Orbit Qigong)

Inner Alchemy: Ascending Channel Qigong

“Creating a strong Centre” - The Ocean of Qi

We use the **”Pearl of Excellence”** to start a deep cleansing process. It affects the Immune system positively. A deep sense of calm appears.

Inner Alchemy: the Bridge & Regulator Channel

This **“Meridian Qigong”** regulates and bridges the meridians in our body. E.g. excessive energy will flow to meridians where there is a lack of energy. It increases the vibration frequency so an internal regeneration and self-healing process can be initiated from the cellular level.

Buddha Palm Qigong (Healing Hands)

Learn this ancient vitalising Qigong sequence in motion which opens the body to the external forces:

The energy from the earth and from the universe. This Qigong is practiced in standing and moving postures.

The seminar includes also:

1.- **Taoist Breathing, Energy practice & Tiantien Qigong** promotes good body structure which supports the outer, inner and emotional alignment.

3.- **Taoyin** gently stretches tendons, ligaments and muscles. This releases blockages and liberates stagnated energy. We finish with **Bone Marrow Washing**, a deep relaxing and at the same time energising practice while lying on the floor.

The venue is settled on the edge of an extinct volcano amid native bush
